## Beautiful from the inside out Get the skin of your youth back

A.MATERAS helps you regain " a 13-year-old's skin (improve skin elasticity)". Aiming at improving skin elasticity, the product combines 3 glorious ingredients of stem cell, growth factor and such cosmetic ingredients as proteoglycans and minerals, minimizing oil content compared with conventional cosmetic products. Frequent use of A.MATERAS helps activate sebum secretion from inside. The product enhances skin physiology which prevents evapo-transpiration from the skin, maintains moisture and softens the skin, bringing "Emollient feeling".

\*Due to change of weather or cosmetic products, skin is easy to be out of balance, so if you are concerned about dry and rough skin, please try "Protein Oil".

## How to use

\*Please shake well before use.

## How to care for particularly troubled skin

Adjust the order of the steps shown above in ①~⑥ according to your skin's condition, and find the timing that best suits you.

Review the usage timing every 2 - 4 weeks and at that time, in accordance with your skin's condition, try and find the perfect step order for you by reversing the order of the steps from ⑥~①.

When your skin's condition is so good that it does not require the use of Proteoil, discontinuing use is not a problem.

\*If you become concerned again in the dry season, please resume Proteoil use.

- ① Before applying UV cream or after applying Repair Cream(Use Proteoil on its own)
- ② Apply at the same time as Repair Cream
- ③ After applying Premium Essence(Use Proteoil on its own)
- ④ Apply at the same time as Premium Essence
- ⑤ After applying full body lotion(Use Proteoil on its own)
- ⑥ Apply at the same time as Full body lotion

\*All prices include tax.

\*Separate purchase can not be made at the time of registration (Initial purchase)
